## About Mind Your Business - MYB

“Mind Your Business (MYB) was founded on November 24th, 2019 by CEO and Founder, Marquez Johnson. The concept of MYB was initiated through a conversation between the founder and a close friend in which they were discussing the importance of psychology and theology in juxtaposition. The phrase “mind your business” was spoken of by the founder and it was then that the thought clicked “my mind is my business”. MYB has had a positive impact on the lives that it has touched; from connecting people to professional therapy to encouraging them spiritually through the fight. This organization is designed to reach the masses, globally and to provide an element of support in a sector that has fathomed this. Faith, mental health and freedom is our substratum while operating by this moral creed: “Free your mind, you’ll change your life.”

## Mission Statement

To serve as a faith-based organization seeking to empower others through psychological approaches. Devoting ourselves to the mental and spiritual well-being of individuals of all ages, genders, ethnicities, religions, cultures, lifestyles and classes; allowing freedom of the mind.

## What Volunteers Do

“Our volunteers are important to us. They are the oil that helps the machine function properly. We like to refer to our volunteers as “Float Managers.” In this position, you are valued as a manager of whatever duty that has been assigned to you. We look for versatile, organized and precise individuals to fill these positions. It could vary between executive assignments or community activity. In each case, volunteers must be ready and equipped to assist in all capacities when needed”

FAITH MENTAL HEALTH FREEDOM

## Recruitment Form

### **Induction and Trainings**

“MYB has a quarterly probationary period in which we evaluate your work ethic and performance. How you respond to training and duty fulfillment. MYB’s intent is not to “fire” you if you don’t meet the criteria, but to get to know you as a person and to understand your strengths and weaknesses and place you where you may fit best. All are important, but all are most valued in the position that works best for them. In that regard, we will train you, assist you, direct you and equip you to be efficient in the position that fits you best.”

### **Volunteer Commitment**

It is expected that volunteers at MYB will commit to a minimum of 4 months (one quarter) of participation on the volunteer team. Upon evaluation, you may choose to try another committee, permanently stay in selected committee or withdraw from MYB entirely.

### **MYB's Priority for Accepting Volunteers**

Applicants should be 18 years of age or over, and priority will be given to applicants who live, work or study in the MYB catchment area and/or provide the skills and experience which MYB and its client communities need.

### **How to Become a Volunteer and MYB**

MYB will always be able to provide volunteer positions for all applicants. Capacity to place applicants in particular committees will depend upon the need for particular skills, applicants’ ability to meet those skills requirements, and the number of volunteers already working with us.

1. Complete and return the Volunteer Application form (see below).
2. Prior to induction/training, you will be provided, and expected to become familiar with MYB's Mission, Vision & Core Values.
3. When you have completed the relevant induction and/or training requirements, and signed the Non Disclosure Agreement, you will be eligible to be included on the volunteer roster.
